SALT LAKE NEWS ON OPENING OF BIDS OCT. 25 GRATIFYING

—J. J. TAVIS.

Local Agent Elated As Gen. Mgr. Nutt Makes Important Announcement

CONTRACT AWARDS MAY BE MADE THIS MONTH

Freight, Passenger Stations To Be Built At Whittier, Fullerton, Anaheim

"It has been my sole aim to build up and further in every way that portion of the Salt Lake route that is under my charge and naturally all news showing that the officials of the road are arriving nearer the consummation of their plans to build into Orange county is extremely gratifying to me," was the statement made today by J. J. Tavis, local Salt Lake agent, when interviewed regarding the announcement that has been made by General Manager Nutt, in Los Angeles, to the effect that bids for the contract for grading work on the railway's proposed extension from Pico to Santa Ana will be opened on October 25.

"I am certain that the coming of the Salt Lake's extension to Santa Ana will mean a great deal to the future development and progress of this section," said Tavis.

Contract to Be Let Soon
The contract for the grading work on the extension, which will be twenty-five miles in length, will be let a few days after the bids are opened, according to General Manager Nutt's announcement.

Whittier, Fullerton and Anaheim, centers of a remarkably rich district, will be entered by the line. Attractive combination freight and passenger stations will be erected within a few months at each of the three cities. The road will be equipped for both steam and gasoline-electric service.

Manager Nutt stated that the date for the actual laying of the rails has not yet been decided upon, but it will probably be some time after the close of the rainy season.

No Hint as to Orange
In the announcement made by Manager Nutt there is no hint as to whether the line will pass through Orange en route to Santa Ana. However, stakes set by surveying crews recently indicate that the Salt Lake may be contemplating such a move.

To Confer At Orange
Arrangements have been made for a conference to be held at Orange next week between high officials of the Salt Lake road and people of Orange for the purpose of discussing the proposal to have the Salt Lake road go through the Orange section. The meeting will probably be held either Oct. 24, or Oct. 25.

WASHINGTON, Oct. 16.—The Chinese embassy today officially confirmed reports that the Japanese and Russian governments had made a protest against the granting of railway and canal rights and concessions in China to the American International Corporation of New York and the Siemens-Carey Company of St. Paul.

COTTON PRICE FIGHT RAGES IN IMPERIAL

EL CENTRO, Oct. 16.—Threats of establishing independent cotton gins in El Centro, Imperial and possibly other Imperial Valley towns, owing to increased ginning charges and lowered prices paid for cotton seed, have served to start a price war that may extend throughout the cotton season. A conference is planned for between the independent planters and representatives of the oil mills when a compromise is to be discussed, reducing the ginning charges and raising the price paid for cottonseed. There is no indication that an amicable arrangement will be reached.

Must Destroy Foo Ere War Can End, Says Latin Chief

ROME, Oct. 16.—Austria must be destroyed as a state and Germany deprived of every thought of dominating the world before the war can end, Signor Bissolati, civil commissioner for war, Socialist leader and soldier, and one of the most powerful figures in the Italian cabinet, today told the United Press.

"Any consent to peace now would be an act of treason on the part of any allied nation," declared Bissolati. "I am convinced that Lloyd George's interview with the United Press and Premier Assoluto's words in the House of Commons exactly interpret the thoughts and express the firm resolve of all the allies. The peace to which the whole world aspires after so many horrors and so much sacrifice must be real and lasting and not a mere truce."

"Civilization must safeguard itself against attempts similar to the one against which we are now reacting with all our strength. This means that we must create in Europe conditions which will make it impossible for Germany to resume its criminal designs. Therefore, I think that any states who would harbor thoughts of peace would be guilty of an act of treason."

"The allies must continue rather than accept peace contaminated by germ of other wars. This deadly germ can be killed by destroying Austria as a state and depriving Germany of every illusion of predominance. It is necessary to proclaim this fearlessly and openly."

BOY BURNED IN EXPLOSION AT ORANGE DIES

From burns received last Friday, Jesse Bennett, aged 19, died yesterday at the County Hospital.

Jesse, son of L. H. Bennett of Orange, was employed by Mrs. Mary Losch to take out a stump in the parking on South Glassell street, Orange. The boy started the stump to burning, but slow progress was made. He decided to pour coal oil upon it to hasten its destruction. He was pouring coal oil from a five-gallon can when the can exploded and burning oil was thrown on Jesse's legs.

The boy was taken to the hospital, and first reports were that although he was terribly burned the chances were that he would recover. Early reports were turned to discouraging news, and on Sunday the boy died.

DAILY SAILINGS, L. A. TO BAY CITY, PLANNED

LOS ANGELES HARBOR, Oct. 16.—A definite schedule of daily sailings, under the new management of the Pacific Steamship Company, between San Francisco and Los Angeles, it is stated, will be given out within a few days.

The main question considered is the location of wharves and ticket offices, the wharf matter here not yet being settled. The Yale and Harvard have always docked on the east San Pedro side, while the Pacific Coast Steamship Company's boats dock on the San Pedro side. The two companies only recently were consolidated.

A general re-arrangement is under consideration.

The Women's Hughes special train will be met at sunrise by the Colton delegation.

The Strength of Hughes

(By Porter Emerson Brown.)

Hughes has been strong. He has said, America first and America efficient, America great, and America honored. He thinks it not enough to talk of America being first. She must be made first. He knows that to do this, her citizens must not be strong in word only, but in deed, great not only in council, but in action, calm in thought and in speech, jealous in honor, zealous in the protection of American lives and American liberties, willing to talk when talk is wise; but ready and powerful to act when words fail and deeds must take their place.

May we not, then, hope and believe that through him can we once again become strong and clean and firm, strong as was Washington, clean as was Lincoln, firm as was Grant, strong and clean and firm as were those fine men from whom we sprung, who won for us, and left to us, this great and wonderful heritage that is alike our country and our trust?

2 INJURED, CAR WRECKED WHEN JITNEY 'HOGS' HIGHWAY GOVERNOR WILL SPEAK HERE ON NEXT TUESDAY OCT. 24

Pasadena Matron Is Severely Hurt In Crash South Of Capistrano

A jitney "hog" was responsible for an accident on the state highway last night which resulted in severe injuries to Mrs. Guy Gilmore of Pasadena and bruises and slight injuries to her brother-in-law, Earl Gilmore. Their car was badly wrecked in the collision with the jitney.

Mrs. Gilmore was brought to the home of Mrs. Jordan L. E. Case, 416 Mortimer street, this city, where she was attended by a local physician.

Both occupants of the car were pinned underneath the wreck and it took the combined efforts of the passengers of the jitney and a car following the Gilmore machine to lift the wreck off the Gilmores.

Below Capistrano

The accident happened about seven miles below Capistrano about 7:30. The Gilmore car was coming this way and the jitney was going to San Diego. The jitney was equipped with strong headlights and a spot light which blinded Gilmore in a measure, and this, coupled with the fact that the jitney held to the center of the pavement, caused the cars to come together, the lighter car turning completely over. According to the statement of Mrs. Gilmore to Mrs. Case, the two right wheels of the Gilmore car were clear off the pavement when the machines struck.

J. W. Wilbur, Charles Eberth and Mr. Brooks of this city were following the Gilmore car, and these men rendered prompt assistance to the injured. Mrs. Gilmore was brought to the Case home by Wilbur. Gilmore came up later on a stage.

Gives Fake Number

When Gilmore arrived in Santa Ana he discovered that the jitney driver, had given him a fake number, and he boarded the midnight train for San Diego to locate the driver and machine.

Gilmore is a plumber at Pasadena. His sister-in-law resides at 345 North Catalina avenue, Pasadena.

MOTORCYCLE AND AUTO COLLIDE AT ORANGE

Stanley Camfield of this city was badly bruised last yesterday afternoon when his motorcycle and a car driven by W. J. Leiser of this city came together at the corner of Chapman and Batavia streets, Orange. Camfield was thrown over his machine and landed between the curb and sidewalk on the south side of Chapman. His machine was badly damaged and the two front wheels of the Leiser car were wrecked.

Camfield was riding east on Chapman and Leiser was driving west. The latter turned to talk to friends in the rear seat, according to his statement to Mrs. Camfield this morning, and in doing so steered his machine to the wrong side of the street. When he looked forward he was almost upon the motorcyclist and it was too late to prevent the accident. The car jammed into a telephone pole, taking the motorcycle with it. Had Camfield not been thrown headlong over the front of the motorcycle, he undoubtedly would have either been killed or seriously injured.

The left side of Camfield's face is skinned and he is suffering from severe bruises about the body. It is feared that the bone of the left arm is splintered, but this will not be fully determined until later. An X-ray photo was made this morning. It required several stitches to close a deep cut on his left leg.

None of the occupants of the automobile was injured.

Greatest Reception Ever Accorded Him In Orange Co. Will Greet Johnson

Governor Hiram W. Johnson will speak in Santa Ana on the night of Tuesday, October 24.

That is the tentative date given out by Republican headquarters in Los Angeles.

With a united party in this county boosting for the entire Republican ticket, Gov. Johnson will be given the greatest reception ever accorded him in Orange county, where he has always drawn big audiences.

The week of October 23 to 28 has been set aside for Gov. Hiram W. Johnson's speech-making tour of Southern California in his campaign for election to the U. S. Senate. With an itinerary which will cover the eight southern counties and in some cases making three speeches a day, the governor will cover close to a thousand miles in the week which he will spend south of the Tehachapi.

Political leaders in touch with public sentiment through the Southland say that Gov. Johnson's visit to Southern California will simply serve to make greater the majority which he already is assured at the November election and that his week of campaigning instead of merely making him a winner in the senatorial fight, will serve to pile up such a huge number of votes for him that his election will be practically unanimous.

The tentative itinerary arranged for Gov. Johnson in Southern California is as follows: Santa Ana, on Monday, October 23; San Diego, Tuesday, October 24; Riverside, Wednesday, October 25; San Bernardino, Thursday, October 26; Los Angeles, Friday, October 27; Long Beach, Saturday, October 28.

Other campaign meetings to be held here soon by the Republicans includes a street meeting in Santa Ana Saturday night and a dinner to be given next week at which the speakers will be Lieutenant Governor Stephens, Russ Avery and former United States Senator Flint will be the speakers.

HARBISON NOW CAMPAIGNING THIS COUNTY

Took Dinner Today Among the Drillers of the Brea Oil Fields

Vigorous and confident, Robert C. Harbison, editor of the San Bernardino Sun, Republican nominee for congressman of the eleventh district, today began his week's campaign in Orange County.

He was met at Fullerton this morning by W. C. Jerome and Horace Fine of Santa Ana and N. T. Edwards and S. B. Edwards and was taken to La Habra, where he was introduced to citrus fruit growers by Frank E. Proud.

After two hours spent in getting acquainted with La Habra people, all of whom are deeply interested in the success of orange and lemon growing, for the protection of which Harbison stands, the candidate went to Brea. Harbison went out into the oil fields, and met the men at their boarding houses and at their work. Today he ate dinner with the oil men on one of the leases. This afternoon he will be in Placentia, and tonight he is to speak at Fullerton. C. C. Chapman will preside tonight and the Anaheim Band will furnish music.

He will be in Orange County until Saturday night. Will be at Anaheim Wednesday, in Westminster, Talbert, Huntington Beach and Fairview Farms with an evening meeting at Newport Beach. Thursday he will be in Santa Ana, Friday in Tustin, El Modena and Villa Park with an evening meeting in Orange.

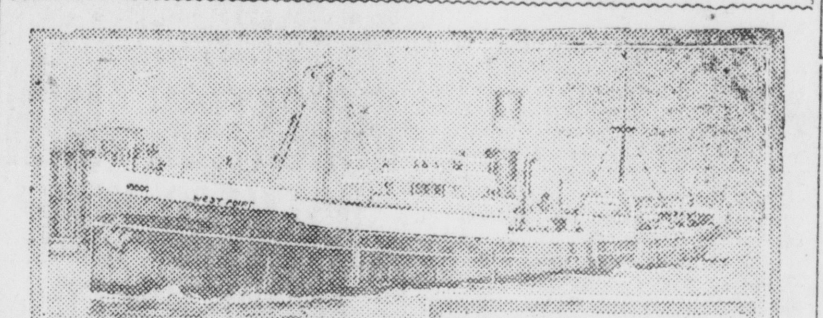

About fifteen Santa Anans will attend a banquet to be given Harbison at Anaheim tomorrow night.

Liner Safe After Big Dash Races Through Raider Zone

THE British steamer West Point, from London to Newport News, was one of the best vessels to be sunk by the German submarine U-53, off Nantucket lightship, after the warship had left Newport harbor. The photograph of her commander, Captain F. G. Harnden, was taken after he was landed safely at Newport.

HUGHES ATTACKS CHARGES MADE BY WILSON

HASTINGS, Neb., Oct. 16.—Charles E. Hughes today answered President Wilson's strictures as to "invisible government" in the Republican party and then struck emphatically at the failure of the Democratic administration to consider the plea of farmers for consideration prior to the enactment of the eight-hour law.

He spoke to an audience of more than 2000 assembled in the open air in the street near the station. He said: "Let me say here that those who are declaiming to the American public about 'invisible government,' had better remember that when I was in executive responsibility in New York, there was no 'invisible government' in that state."

"I wish to say in regard to rates, that it seems to me that the farmers of the country were very little considered the other day when on demand of the administration the wages of certain groups of railroad and railway employees were increased by hasty legislation on demand and force."

SAN FRANCISCO, Oct. 16.—It is today believed that women supporting President Wilson will stage a demonstration when the Hughes women's special arrives here.

SHADOW LAWN JOYOUS AS RY. HEADS BACK WILSON
LONG BRANCH, N. J., Oct. 16.—Statements by F. D. Underwood, president of the Erie railroad, and Robert S. Lovett, chairman of the board of directors of the Union Pacific railroad, endorsing President Wilson and disputing claims that the President acted with political expediency when he forced through Congress the eight-hour law for the railroads, was the best news that has struck Shadow Lawn in some days, political agents today agree.

While the railroad chiefs disagree with the President on the eight-hour law, their support of the so-called Wilson policy, now under Republican fire, is taken by Democratic leaders here as a strong indication that the substantial business interests of the country are finally swinging into line behind the President. They look for further announcements by railroad men similar to Lovett and Underwood. Leaders are optimistic over the flood of contributions, amounting to something like \$20,000 daily. In the past five days \$150,000 has been rung up on the Democratic cash registers.

90,000 WORKING AT KRUPP WAR PLANTS

BY CARL W. ACKERMAN
(United Press Staff Correspondent)
ESSEN, Germany, Oct. 16.—Twenty thousand new workers will this week join the 70,000 now making munitions at the Krupp plants. From the conversation of directors of Krupp's three factories today became apparent since Von Hindenburg assumed control.

First, Germany plans for supremacy in the artillery branch of warfare by increasing the supply of guns and ammunition.

Second, by renewing submarine, Germany plans to stop contraband from going to England; to halt ammunition shipments from America to England and to halt Canadian transports to Europe.

Third, By an offensive against Russia, Rumania and the iron wall in the west, Germany plans to bring England to peace.

The addition of the huge force to the Krupps is but one step in the course that Germany's renewed efforts are taking under the direction of Von Hindenburg, who is now chief of staff. Many skilled men are being recalled from the front to aid in speeding up the production of war supplies. Barracks are being built to house them, and Krupp is said to be getting its second wind.

HUSBAND SAVED HIS WIFE

Stopped Most Terrible Suffering by Getting Her Lydia E. Pinkham's Vegetable Compound.

Denison, Texas.—"After my little girl was born two years ago I began suffering with female trouble and could hardly do my work. I was very nervous but just kept dragging on until last summer when I got where I could not do my work. I would have a chill every day and hot flashes and dizzy spells and my head would almost burst. I got where I was almost a walking skeleton and life was a burden to me until one day my husband's step-sister told me that if he did not do something for me I would not last long and told him to get your medicine. So he got Lydia E. Pinkham's Vegetable Compound for me, and after taking the first three doses I began to improve. I continued its use, and I have never had any female trouble since. I feel that I owe my life to you and your remedies. They did for me what doctors could not do and I will always praise it wherever I go."—Mrs. G. O. LOWERY, 419 W. Monterey Street, Denison, Texas.

If you are suffering from any form of female ill, get a bottle of Lydia E. Pinkham's Vegetable Compound, and commence the treatment without delay.

It was given him some seventeen years ago by a company of colleagues and he prizes it very highly.

NO MORE WEAK KIDNEYS; BACKACHE; RHEUMATISM

New Specific Soon to be Brought to town, Says Letter:

Dear Mr. Editor:—Just lately, I am told and beg to inform your readers, that the famous Dr. Pierce, of whose medicines and Surgical Institution in Buffalo, New York, we have heard for years, has added to his popularity by assenting to put before the American people, "An-Uric." This prescription is adapted especially for kidney complaints and diseases arising from disorders of the kidneys and bladder, such as backache, weak back, rheumatism, dropsy, congestion of the kidneys, inflammation of the bladder, scalding urine and urinary troubles. The physicians and specialists at Dr. Pierce's great institution have thoroughly tested this prescription and have been with one accord successful in eradicating these troubles, and in most cases absolutely curing the diseased kidneys.

Patients having once used "An-Uric" at the institution have repeatedly sent back for more. Such a demand has been created that Doctor Pierce has decided to put "An-Uric" in the drug stores of this country, in a ready-to-use form. It will be their own fault if the public does not take advantage of this wonderful remedy.

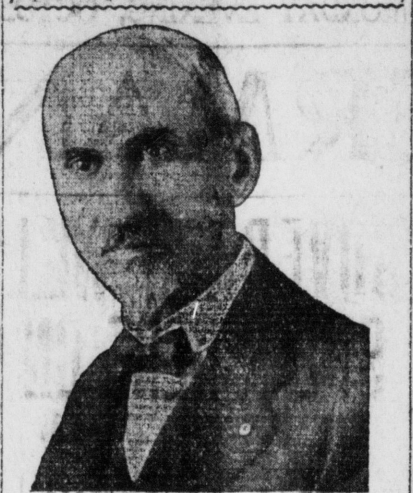

I know of one or two leading druggists here who have managed to procure a supply of "An-Uric" for their anxious customers in and around this locality.

I have used "An-Uric" and believe it to be the greatest of kidney medicines and I have tried many. A few doses will convince, I feel certain.

A FIRM BELIEVER.

'Dry' Worker Pleads For Aid Of Churches In Ousting Liquor Trade

Declaring that alcoholic liquors, shipped from the United States, were largely responsible for conditions prevailing at present in Turkey, Dr. C. T. He told of the massacre of his people by the Turkish government. He said that the American churches could put a stop to the demoralization of foreign missionary fields by voting to take the United States government out of what he called "partnership with the liquor traffic." The speaker greatly interested his hearers.

What the HOOSIER Cabinet Will Do For You

- Places for 400 articles all within arm's reach.
- 40 labor-saving features, each like a helping hand.
- The Hoosier will cut your kitchen work in half.
- Will save you miles of steps.
- Will save you hours of weary toil.
- Will make it a pleasure to cook and bake.
- Will help you get good meals quickly.
- Will help you tidy up in just a few moments when the meal's over.

A Centralized Storehouse

The Vital Part of Your Cabinet

The picture above shows how the scientific arrangement of the Hoosier makes it a real helper. Storage space is above and below. There is plenty of unhampered room above and around the aluminum (or porcelain) work-table.

There are no useless little partitions to chop up the space and leave no room for work. Your cabinet must have big table space to work on. The Hoosier gives it.

Come and see these six exclusive Hoosier features:

- 1—The all-metal glass front flour bin.
- 2—The gear-driven shaker flour sifter which makes flour light and fluffy.
- 3—Scientific arrangement—articles needed most frequently easiest reached.
- 4—Revolving caster (shown in center of illustration).
- 5—The ingenious, big-capacity sugar bin—holds more than twice as much as most other bins.
- 6—Finally, either doors with a handy rack for small utensils, or rolling doors.

Here's Speedy Relief from Kidney Troubles

"Foley Kidney Pills have done me a heap of good."—A. T. Bartlett, Brockton, Mass.

Some days it seems as if you can no longer bear the pain and misery you suffer from kidney and bladder trouble. The ache across your back grows worse with every move you make, and with every step you take. It not only robs you of all your strength and energy, but it affects the other important organs of the body as well. Nervousness, headache, disordered stomach, liver trouble, bad eyesight, are only some of the conditions that follow kidney trouble.

Foley Kidney Pills help the sick weak kidneys to regain their normal healthy state and activity. When they are again able to do their work effectively, your system is no longer choked and blocked with poisonous waste matter. Your symptoms clear up, your weariness, pain, misery and weakness go away. Foley Kidney Pills can do you also a heap of good.

Register's Contest Most Successful Ever Held in Orange County

Miss La Rue Fipps Wins the
Studebaker Automobile,
Miss Sylvia Shields \$500
Second Grand Prize.

Millions of Votes Poured In
During the Last Hours Be-
fore the Close—Stupend-
ous Total of 26,557,955
Votes Cast—Register Adds
Over 800 New Subscribers
To Its Already Large List.

At 8 o'clock Saturday evening the Register's great subscription contest, undoubtedly the biggest of the kind ever held in Orange county, both in the value of the prizes and in the results achieved, came to a successful and harmonious end.

That the contestants worked with spirit and energy up to the very last, is attested by the avalanche of votes cast during the closing hours.

The Winners

Miss La Rue Fipps, who led in the race almost from the start, won the \$1200 Studebaker automobile with a total of 5,062,140 votes.

Miss Sylvia Shields, a consistent leader throughout the contest, won the second capital prize, \$500 cash, casting a total of 4,002,480 votes.

In district No. 1, Miss Berdella Stark won the first prize, \$100 cash; G. Ben Brown, the second prize, \$50; Carl Burns, third prize, \$25 cash.

The prizes in district No. 2 were the same amounts as in district No. 1, and the winners were Theodore Gilbank, first; Miss Ella Davis, second, and Hayes Fleming, third.

In the third district Miss Lila Crane of Garden Grove won first prize, Miss Hazel Brady of Talbert, second; Miss Vivian Tower of Anaheim, third.

The winners of the prizes in the fourth district were: Mrs. Myrtle Waffle of Lemon Heights, first; William Hazen, Tustin, second; Mrs. Russell Hardcastle, Tustin, third.

As will be noted in the table, there were no really close contests in the final totals. One of the closest was between Miss Berdella Stark and G. Ben Brown, for first prize in district No. 1. There was also a rather close race between Hayes Fleming and Herman Ranney for the third prize in district No. 2, when Miss Fleming won with 725,700 against the 713,030 votes cast by Herman Ranney.

FINAL COUNT WITNESSED BY GOODLY CROWD

The great interest taken in the result, was manifested by the crowd of friends of the contestants filling the office of the Register throughout the evening and the numbers of people who waited outside until the result was announced.

Most of the contestants were present and the contest staff was kept busy up to the closing hour taking in subscriptions and issuing ballots for them up to the last minute. When the last votes were deposited in the ballot box, the judges took charge of the counting.

Counting the Votes

The contents of the ballot box were poured on the judges' table and then segregated, the ballots of each contestant was placed in separate piles by the judges. All the ballots of each of the contestants were then added on a Burroughs machine, after which the judges checked the figures ballot by ballot, to verify their correctness.

After all the ballots had been counted and the totals verified the judges pronounced the count correct and the result was announced.

Cheers greeted the winners as their names were called and cries of "Speech! Speech!" were drowned by the congratulations showered by friends upon their favorites.

EVERYBODY HAPPY AND GOOD NATURED

When the result was announced there were none who greeted the winners more warmly than some of their less fortunate competitors. The best of good feeling prevailed and not the slightest disappointment was evidenced. Those of the contestants who were defeated for the higher prizes proved themselves to be good losers and took their defeat gracefully.

Contest Staff Pleased

Many of the contestants as well as their friends took occasion to speak in complimentary terms of the fairness and impartiality shown in the

Miss Fipps Is Thankful

Santa Ana, Cal., Oct. 15, 1916.
Register Publishing Co., Santa Ana, Cal.; Gentlemen:—I desire to convey to "The Register" my sincerest thanks for the kind and courteous treatment accorded me as a contestant in the contest just closed.

The diamond ring and automobile, both of which I am now the possessor of, are of course all that could be desired and I am mighty proud to have been fortunate enough to have won them both in a contest that every one knows was a credit to Santa Ana as well as "The Register."

The Register deserves and cannot help but get its fair share of commendation and I know it must have made many new friends by its fair treatment to all.

I would be pleased to have you express to the Contest Editor and his assistants my sincerest appreciation not for any favors extended but for their ever considerate treatment during the contest.

Very Sincerely,
LA RUE FIPPS.

Card of Thanks

To my many friends in Santa Ana and elsewhere who so ably assisted me in the Register Popularity Contest just closed, wherein I was fortunate enough to have won both the diamond ring and Studebaker "Six" automobile, I extend by heartfelt thanks.

I am justly proud to have had the support of all my friends and I cannot fully express by keen appreciation for their assistance and encouragement.

LA RUE FIPPS.

Miss Shields Thanks Her Supporters
I wish to thank the Register for the second capital prize of \$500 in cash awarded to me as the successful contestant for said prize. Also I express my appreciation for the courtesies extended me by the members of the Register staff. Success and long life to the paper!

I embrace this opportunity to offer my sincere thanks to all subscribers and friends who made it possible, by their kindly assistance, for me to win. I also kindly thank each and every friend who saved their coupons for me.

SYLVIA SHIELDS.

"We have met the enemy and we are his." The contest is over and is a closed chapter with me. I wish to say, however, that I did my best and while I did not win either of the capital prizes, I was "on the job" all the time. I thank those who helped me to win second prize in my district, and while I would like to have done better, I have no apologies to make. In this connection I wish to say that the attitude of the Register force collectively and individually has been one of absolute impartiality and fairness to all contestants and I believe that the contest will stand in a class by itself in this respect.

Again I thank you all.
G. BEN BROWN.

Thanks to Friends

I wish to express my appreciation and thanks to every one who so kindly helped me to win the prize which I have received from the Register Publishing Company for my work in the subscription contest.

The Faucet, Based on Senator
Brown's Lecture, Seen
At West End

"The Faucet," a photodrama based on a prohibition lecture by State Senator William E. Brown, was given its first public showing yesterday at the West End.

Its production marks an important event in the history of motion pictures, for probably never, with the single exception of "The Battle Cry of Peace," have all the resources of the motion picture art been so capably pressed into the service of a political propaganda.

"The Faucet" has the gripping power of melodrama at its best; it has a well constructed, absorbing plot; it is daringly realistic, and it is staged, costumed and acted with a degree of sincerity and attention to detail that may fairly be characterized as lavish.

The author of the story is Robert David Sower of Pasadena, who gives credit to State Senator William E. Brown for his inspiration. William E. Wing wrote the scenario and Robert A. Brackett directed the production.

TECTED

While all great nations are taking steps to protect their home markets, President Wilson takes no steps to protect America. He talks of the world being open to American genius, but he fails to mention the fact that the doors of every great nation are shut to Americans by trade alliances framed for the benefit of foreigners and against the interests of America.

What is America doing to protect itself? Fine words of "world trade" and "serving humanity" do not meet the situation.

The Republican party stands for a protective tariff. It demands the immediate industrial defense of the United States. Charles E. Hughes is the champion of industrial protection. Woodrow Wilson is the champion of a vague, far-off "service to humanity" which means opening the American market to the dumpings of cheap-labor foreigners.

The best way for Americans to serve humanity is to safeguard the honor and prosperity of the United States. The best man to carry on this work is Charles E. Hughes, backed by the united Republican party.

WHAT WAR?

The one most effective slogan of the Wilson campaign is unquestionably, "He kept us out of the war." But when we inquire what war, the question becomes difficult to answer. What nation desired or desires war with us? What nation was likely to have attacked us? What nation would have used force to defend its wrongs against us if we had sternly insisted on its doing right? What war, after all, threatened us that we were kept out of? Who had any war, and from what has President Wilson protected us?

Unless it is Mexico, there was no risk of war anywhere. The very experience with Germany demonstrated that when we finally insisted on our rights we got them without fighting. The criticism in the case of Germany is not that we failed to get our rights, but that we were a year getting them when insistence on the policy of "strict accountability" would have got them in the beginning. And certainly England would not have made war upon us in order to protect its right to do wrong. We have kept out of war with England by allowing England continuously to trample on our rights. We could have much better kept out of war with England by insisting on England's respecting our rights. Instead, we have been on the verge of England respecting our rights. We have maintained an ignoble peace with England where a dignified and noble peace could have been as easily maintained and we have not kept out of war with Mexico at all.

At least three times we have proclaimed that we would not intervene in Mexico. At least twice we have nevertheless intervened. Times without number we have proclaimed that we would keep out of war with Mexico. Twice we have nevertheless gone into war with Mexico, and we are in an actual state at this moment of war, if not with Mexico, at least in Mexico. Four or five several times we have delivered demands upon Mexico, which amounted in practical effect to ultimatum, and each time Mexico refused to do the thing we demanded and we refrained from doing the thing which

we threatened. We have not merely not kept out of war with Mexico, but we have brought much nearer and more certain the condition which makes ultimate war with Mexico probable. We have kept out of the war in Europe by the perfectly simple expedient of not going into it and by the ignoble device of not maintaining or of tardily maintaining our rights with respect to it. And, by keeping out in this fashion, instead of in the way we should have done it, we have rendered it more likely that we shall also keep out effective participation in the determination of the terms of the world peace which must inevitably follow the world war.

That we should have kept out of war is indeed desirable. But the answer to the phrase is that we have not kept out of war, and that we have instead made more likely an ultimate situation that will thrust us either disastrously into war or ignominiously out of the co-operations of peace.—Fresno Republican.

THE MEN WHO MADE
MONEY OUT OF IT

Irene Coleman, a janitor's daughter in New York City, worked in a department store and helped keep the family going. When her father was not drinking he thought the world of her. The neighbors were fond of Irene, whom they described as "a dear, pretty girl," and were much interested in seeing the progress of her courtship by a fine young man of the neighborhood and were hoping for a happy wedded life for her. But it all ended one summer night when her father came home crazy drunk and stabbed her to death with his pocket knife. Joseph Coleman is in jail under a charge of murder. "It was whiskey that got him," said Mrs. Coleman, the mother, "and ended everything for me." The New York papers gave all the details and more, but only about the unhappy Colemans. Nobody is in jail under charge of making or selling the booze that inflamed that miserable wretch to kill his own daughter. There isn't a word or a photograph in any of the newspapers about the distiller who started this devilry going or about his tool, the saloon keeper, who took a profit out of Irene Coleman's death. These whiskey makers, unsearched for by the law, are now looking for their next victim. What are a few Colemans to a leading industry of such cities as Baltimore, Louisville, and Peoria? The whiskey men have got the money. New York City is paying the costs, and Joseph Coleman will stand in the dock and take the guilt. Business is business, isn't it?—Collier's Weekly.

With Malice Toward None

By Henry James

The Most Abused Term
In the advertising columns of several city papers may be seen the advertisement of a "lady detective." One wonders on the instant what could be the purpose in seeking to detect a lady, and whether being detected, it would be de rigueur to say anything about it. Then the fact dawns that the advertisement is proclaiming as a single personality the lady and the detective. It's a little puzzling. Still, the dual existence is an accepted theory.

Probably the word "lady" is abused more than any other in the language. The chronic inebriate, arrested by her regular policeman, resents any approach to roughness by exclaiming, "You — I'm a lady and don't you forget it."

We have become quite inured to the presence of the forelady, the saleslady and the scrublady. The detectivelady is new, that's all, and we haven't got accustomed to her yet. May she win fame by grabbing the pickpocketlady.

Can't Be Done

Somebody asks me to explain the 13 superstition.

Can't be done, and this is no puzzle department, anyway.

Bereaved

After a San Francisco man had run away from his wife she had him arrested in Los Angeles.

The wretch had eloped with her manicure set, eyebrow pencil and wrist watch.

Doubtless if he would return the articles he would be at liberty to keep right on running.

Designs Old and New

There are to be new designs on United States coins.

There is no indication that the old designs the public has on them will be relinquished, either.

Impertinent Query

A curious person wants to know what proposition of Phi Beta Kappa men know what the letters stand for. What they stand for? Goodness gracious, the boys don't know they are letters, regarding them as an excerpt from a college yell.

Mind and Matter

Two young men in Pennsylvania fought a duel with pistols into which the thoughtful seconds had insinuated blank cartridges.

At the first fire one curled up convinced that he was dead. The other escaped, probably through being aware of the trick of theocular seconds.

Stimulating

Roosevelt has been characterized by a minister, who also is a student of geology, as "a monstrous survival of the preneocene age."

Some persons might after a bifk like that feel subdued. Mr. Roosevelt still eats the stuff.

Migratory Birds

Canada will aid the United States in protecting migratory birds.

Now if the birds have sense enough to keep out of Mexico and ladies will consent to go featherless the birds will have a show.

Advice to the Engaged

Young ladies are counseled by a writer never to telephone their affianced at his place of business.

No, they shouldn't. The boss might get mad and fire them, necessitating postponement of the wedding.

The Cost of Living

Hens refuse to lay, Since the war,

Or so the merchants say,
Since the war.
"Tis thus that eggs are few—
These mostly overdue—
And prices up the flue,
Since the war.

Butter will not come,
Since the war.
All hogs are on the bum,
Since the war.
They simply won't grow fat,
Their lean comes high at that,
With dealers standing pat,
Since the war.

Everything you buy,
Since the war,
(Because the dealers lie)
Since the war,
Now costs a double price,
Or be it coal or ice,
For greed has been a vice,
Since the war.

NEW FRUIT COLORING
REDLANDS, Oct. 16.—Redlands has about thirty cars of oranges remaining for shipment. In most cases the owners are holding the fruit back in the hope of extremely high prices, but all of it will go out during this month. The past week saw twenty-one cars shipped. The cool weather and rain has started the new fruit to coloring and it already has attained good size. The outlook is encouraging for some early fruit.

WOULD MAKE CALIFORNIA
UNANIMOUS FOR JOHNSON

SACRAMENTO, Oct. 17.—"Make it unanimous for Johnson!" That is the new slogan, first shouted in Sacramento county, the Gov-
ernor's birthplace, but rapidly spreading up and down the state.

"Johnson Unanimous Clubs" are the logical result of the United States senatorial campaign which has reached the stage where it is plain to every-body that there will be a landslide for the Governor on November 7.

The prominent Sacramentoans who organized original "Unanimous Clubs" were men of all parties, who made the argument that the election of Johnson should be placed above any and all partisan considerations. Associate Jus-tice E. C. Hart, of the Third District Court of Appeal, has written a letter, outlining his own views on the matter. He says:

"When it comes to considering Hiram W. Johnson for a public office, partisan politics should be eliminated; for, by his record as a servant of The People, we know him, and thus we know that, in writing into our laws those splendid rules of human conduct, which make for social justice and equality of human rights, he looked not upon party lines, but was solely actuated by what he conceived to be the best for all humanity, regardless of race, color, religion or previous condition of servitude.

"We know that, through him and through him alone, the best state gov-
ernment within all the domain of this broad nation is California's.

"We know that, as he has done in this great state of ours, so, as a sena-
tor in the national Congress, he will ultimately succeed in giving to the coun-
try legislation which will vitalize the humane doctrine of social justice; that, as he has done here, in California, he will bring about national legislation which will destroy the monopoly of opportunity and so give to every human within the borders of this vast country of ours, an equal chance with every other human.

"Governor Johnson is, as we in California thoroughly know, a man of in-
comparable force and of fearless determination.

"He is in my opinion the greatest of America's constructive statesmen, is thoroughly familiar with the great politico-economic problems with which the prosperity of our country is so intimately concerned, and, with all this, he is absolutely sincere and his heart is indelibly imbued with the idea of con-serv-ing and protecting the inalienable and common rights of all The People.

"Any member of the political parties can vote for him without impinging in the slightest degree upon any one of their political doctrines."

past the windows of that New York paper, and those who do not may see the same whirl of many wheels in "Rummy," the latest five-reel drama produced by Triangle-Fine Arts, with Wilfred Lucas, who was a newspaper reporter for several years, in the title role. "Rummy" will be shown at Clune's.

Thence the scene shifts into the city-room with its shirt-sleeved report-
ers feverishly grinding out their "stories," and copy boys scurrying about. It is the real thing, and the filming of it disturbed the wonted or-
der of things very considerably at the plant of one of the big newspapers in Los Angeles.

At the West End

During the taking of the big broker-
age office scenes in the Jesse L. Lasky production of "Each Pearl a Tear," which will be the attraction at the West End Theater on Tuesday, and

Wednesday, with Fannie Ward, the dramatic star in the leading role, Jack Dean plays the part of a young stock plunger. During the rehearsals, George Melford, the director, noticed that Jack was nervous and excited, and not acting with his usual ease and confidence. The stock which Dean was supposed to lose on and then win was C. B. & Q. and every time the man at the tape would yell, "C. B. & Q. drops six points," Dean would jump and act in a more or less terrified manner. Finally he came up to Mr. Melford and said, "George, can't you get them to use the name of some other stock, because I really own some C. B. & Q. and every time they say it drops, six points I forget my art and think only of my bank roll."

To Anaheim take Crown Stages every 30 minutes. Round trip, 50c.

AFTERNOON AT WHIST

Large Company Friends Entertained Charming By Mrs. E. B. Trago

One of the largest social affairs of the fall season was given on last Saturday afternoon, when Mrs. E. B. Trago was hostess to a large company of her friends at her home on Cypress avenue. Sixty invitations were issued and there were but few regrets.

Mrs. Trago had selected a very beautiful and rare variety of the cactus dahlia in yellow shaded to delicate pink tints for the adornment of her home and these were arranged in huge clusters about the cheerful rooms.

Whist was the interesting diversion prepared for the entertainment of the guests and at the close of the series of games, the handsome trophies were awarded to Mrs. Charles Kelley, who received a lavender flower bowl, dotted with yellow butterflies. Mrs. L. J. Carden took second, a beautiful oriental basket and the consolation, a set of crocheted plate mats, was appreciated by Miss Kincaid of Long Beach.

During the afternoon and through the service of a tempting collation on the small tables, through which the golden tint predominated, Mrs. Trago was graciously assisted by her sisters, Mrs. Henry Kennedy and Mrs. John Spencer of Los Angeles, Mrs. Walter Congdon of San Juan Capistrano and Mrs. F. P. Nickey.

The invited list included the following:

Mmes. Babson, Burke, J. W. Bishop, John Clarkson, J. I. Clark, L. J. Carden, L. A. Collier, Addie Collins, C. V. Davis, W. L. Deimling, H. T. Duckett, O. H. Egge, Geo. A. Edgar, Fred Fuller, W. A. Flood, O. K. Forgy, E. S. Gilbert, Clyde Horton, W. A. Huff, H. L. Hanson, J. S. Hill, C. M. Jordan, C. S. Kelley, C. S. Kendall, W. F. Lutz, Cal Lester, E. S. Morrow, J. A. McFadden, F. P. Nickey, Gertrude Ozmun, W. N. Prince, R. E. Reid, F. C. Rowland, J. B. Roberts, C. A. Riggs, P. S. Roper, Fred Rufferty, H. T. Rutherford, Chas. Spicer, H. J. Stevens, R. M. Simon, Minnie Speer, W. H. Spurgeon, Ben E. Turner, W. L. Tubbs, John Tubbs, F. G. Taylor, Walter Vandermast, John Wehrly, J. Dick Wilson, M. A. Yarnell, J. Howard Turner, Cora Cavins, Walter Congdon, H. F. Kennedy and John Spencer; Misses C. E. Dresser, Wood, and Kincaid of Long Beach.

W. C. T. U. Meeting

The last meeting of the Belle Rogers Union before election will be held in the Army parlors tomorrow, Tuesday, afternoon. This will be an important meeting and the members are all urged to be present. It is expected that Mrs. Hattie C. Young of Long Beach, the author of "Columbia's New Republic," will be present.

There will be a talk by Mrs. S. M. Davis on the seven amendments to California's State Constitution, which will be voted for or against at the November election. It is of great importance to W. C. T. U. women to know how to vote right and it is impossible to do so unless the import of each amendment is thoroughly understood. This will be tomorrow's lesson.

The committee in charge of arrangements for "Columbia's New Republic" will be present to report progress and conclude the program. Other matters of interest will be presented as five weeks will elapse before another regular meeting will be held. Let this "just before the battle" meeting be well attended.

Missionary Gathering

The Woman's Foreign Missionary Auxiliary of the First M. E. church will meet Wednesday afternoon at 2:30 in the church parlors.

The new officers will have charge and the reports of the delegates to the recent branch meeting at Fresno will be given, also every officer will give a report of last year's work.

A very interesting meeting is planned and an invitation is extended to all interested in missions.

Meeting Postponed

The meeting of the Present Day Club, scheduled for this evening at the home of A. J. Crookshank, has been postponed until tomorrow evening.

TAGORE

He spoke: the Rising Sun outleapt the East;
And poured into the darkened West and its glory!
He raised his hand—and from the gruesome feast,
The tired guests of Greed arose, begrimed and gory!
The trench-born dews of death
Vanish at his breath;
The battle-hymn of hate
Breaks inarticulate
Under the accents of his Christ-like story!
Rabindranath Tagore, what have you spoken for?
If not to tune our souls to resurrection glory?
—(Rainsford Haines, Santa Ana, October 9, 1916.)

The above beautiful tribute to the prophet and seer of the Orient who has recently visited Los Angeles, appeared in the Los Angeles Times Friday. It was written by Miss Mabel Rainsford Haines, the general secretary of the Associated Charities of Santa Ana. Miss Haines is a frequent contributor of verses, not only to the Times but to a number of eastern papers and periodicals, such as the New York Times, the Survey, The Living Church, and Harper's Weekly.

CELEBRATED BIRTHDAY

Master Cecil Slaback Was 4 Years Old, Had Merry Time On Saturday

Master Cecil Slaback, son of Mr. and Mrs. Lester Slaback, was a happy little lad on Saturday afternoon, when he celebrated his birthday at his home on West Pine street. Cecil's birthday occurred on Friday last.

The pretty living rooms were gay with bright-colored autumn leaves and red and yellow marigolds in brown baskets.

Out of door games were arranged for the children, while the mothers spent the time indoors with conversation and needlework. Many pretty gifts of books and toys were received by Master Cecil.

During the afternoon, Mrs. Slaback was assisted in entertaining and serving by her sister, Miss Cora Huntington. The "grown-ups" were served in the living room on trays, while the little folks had the dining room to themselves and enjoyed ice cream, cake and red-checked apples. The long table was decorated with Halloween symbols, witches, pumpkins and a cake with four tiny yellow candles, tied in white, delighting the children. The little host blew out the tapers before the cake was cut. Each guest found a basket of homemade candy and a Halloween favor as a souvenir.

Those present were Cecil's grandmother, Mrs. E. G. Huntington, and his aunt, Miss Cora Huntington, and the following little folks and their mothers:

Mary Ann, Helen Brotherton, Etta Jackson, Helen Slaback, Marjorie Magill, Elma McBride, Marjorie Robertson, Margaret Fine, Nadene Carmack, L. Ann and Geneva McMahon and Dora Tedford, Marjorie and Georgia Walton and Francis McCarter, Edwin Magill, Lester Alvin Slaback, Fred Burlew, Horace Berry, Marion Nau and Walter Hall, Jr.

Former Santa Ana Married
A wedding which will be of interest here was that of Miss Elly Bowman and Dr. Benjamin Marsh Frees, solemnized at the home of the bride's parents at Fresno last Saturday. The bridal couple are spending their honeymoon in San Francisco, after which they will make their home in Los Angeles, where the groom is a practicing physician. Hosts of friends in Santa Ana and Tustin, where the groom spent his childhood and early youth, will wish Dr. Frees and his charming bride great happiness in their married life.

Comfort at your work

begins with the right underwear—not wool, which is stuffy and irritates the skin; not cotton, which is clammy.

Duofold Underwear

maintains the natural heat of the body under all conditions, and is soft and comfortable to the skin.

TRIBUTES ARE PAID TO MRS. FISCHER, PIONEER

Fitting tribute to the memory of a noble woman was the large assemblage of sorrowing friends, the wealth of lovely floral offerings and the tears shed Saturday afternoon at the last sad rites said for Mrs. Catherine M. Fischer, taken away from her earthly sphere of usefulness in the prime of her life.

The funeral services were held in the chapel of Smith and Tuthill and long before the hour of 3:30 o'clock, the time set for the obsequies, the chapel was filled and late comers were seated in other rooms and out of doors.

The magnificent flowers were sent from the First Presbyterian church, from the Fraternal Brotherhood, Macabees and the W. R. G. and from hosts of sorrowing friends. They surrounded the elegant couch casket, where rested the silent form, beautiful and serene in death.

Rev. J. A. Stevenson, pastor of the First Presbyterian church, of which Mrs. Fischer was a member, officiated, and he paid a beautiful tribute to her as a Christian and wove his touching remarks about the thrilling words, "Anchor, Home and Heaven."

Mrs. Margaret Caldwell Gehrett sang two beautiful hymns, "A City Four Square," and "Abide With Me," accompanied by Mrs. J. A. Stevenson and as the vast concourse of friends took their last farewell of her whose friendship had meant so much to them, Mrs. Stevenson played "Rock of Ages."

Interment was made in Fairhaven cemetery, a large number of automobiles accompanying the remains to their last resting place.

The pallbearers were S. R. Obarr, George Peters, George H. Andrew, N. L. Galbraith, Dunlap Wilson, and E. B. Johnson.

Mrs. Catherine M. Fischer was born in Germany July 10, 1868, and came to this country at the age of seventeen years. She was married to Adolph Fischer August 27, 1887 and of the union were born four children, Sophia Patterson, Helena Wilkie, Emma and Lillian Fischer, all living here except Mrs. Wilkie, who resides in Covina.

THE TWO MYSTERIES

We know not what it is, dear,
This sleep so deep and still;
The folded hands, the awful calm,
The cheek so pale and chill;
The lids that will not lift again,
That strange white solitude of peace
That settles over all.

We know not what it means, dear,
This desolate heart-pain;
This dread to take our daily way,
And walk in it again;
We know not to what other sphere
The loved who leave us go,
Nor why we're left to wonder still,
Nor why we do not know.

But this we know; our loved and dead,
If they should come this day—
Should come and ask us, "What is life?"

Not one of us could say.
Life is a mystery as deep
As ever death can be;
Yet oh! how dear it is to us—
This life we live and see!

Then might they say—these vanished ones—
And blessed be the thought!—"So death is sweet to us, beloved,
Though we may show you naught;
We may not to the quick reveal
The mystery of death—
Ye cannot tell us, if ye would,
The mystery of breath."

The child who enters life comes not
With knowledge or intent,
So those who enter death must go
As little children sent.
Nothing is known. But I believe
That God is overhead;
And as life to the living,
So death is to the dead.
By Mary Mapes Dodge.

SOLDIER'S FUNERAL IS IMPRESSIVE, SAD

Impressive and touching were the last services for Sergeant Alvin H. Gruen, soldier son of Rev. and Mrs. C. Gruen, who died in El Valle, Mexico, while in the service of his country, having been stricken with illness and passing away in a hospital far from home and friends.

Many friends attended the services, held at Smith & Tuthill's chapel, at 11:30 p. m., Saturday, as the young

man had lived here the greater part of his life and many lovely flowers covered and surrounded the casket.
Rev. Theodore Schauer of the German Evangelical church officiated and a quartet from the church rendered appropriate hymns and also officiated as pallbearers. Interment was in Santa Ana cemetery.

MANY FLOWERS PLACED ON BOTANIST'S BIER

The third of a family of pioneers to be called by the angel of death in the past few days was Prof. Newton B. Pierce, whose funeral took place this morning at Smith & Tuthill's chapel in the presence of many friends and relatives. Beautiful flowers, which in life had meant so much to Prof. Pierce, were sent in profusion and Rev. J. A. Stevenson officiated at the services. James Nuckolls sang comforting hymns.

The remains will be placed in the new mausoleum when it is completed.

CATCHES PEEPER BUT WITHHOLDS IDENTITY

FULLERTON, Oct. 16.—The Peeping Tom whose activities have terrified the women of half a dozen households was captured by Bert Reno, proprietor of the Fullerton Hotel. He is an 18-year-old boy whose parents are well known here, according to Reno, who refuses to reveal the youth's name.

The capture was made shortly after 9 o'clock. Mrs. Reno had retired when Reno went out into the back yard. When he stepped outside the youth was standing by a hotel window, peering in, according to Reno.

At Reno's command the boy came out. Reno called him by name and the youth admitted his identity. Reno then ordered him away.

Reno will not prefer charges against the boy, he said. The police will be informed of the incident, however.

You'll have no doubts after seeing "Evils of Drink." Tonight, 8 o'clock. United Presbyterian Church. Silver offering.

NEWS FROM CO. L

COGDALES, Ariz., Oct. 13.—Since coming back from the hike we have been doing nothing but clean up camp to be ready for the order to break up. Although the California troops are their orders to go home, there is uncertainty as to when we will go. There are several reports as to the date, anywhere from the 15th to the end of this month. We have heard reports that the Seventh might be sent on the border on account of having made such a good record. It would be the best all around record of any regiment on the border.

BE THE SPEAKER AT
ORANGE DAY RALLY**

ORANGE, Oct. 16.—Six forty-five p. m. is the hour set for the opening of the big Dry rally in the Plaza this evening. The meeting will begin early to allow those attending to go later to the high school lecture course entertainment.

Dr. Dana Bartlett, of Los Angeles, well known orator and social worker, will give an address, dealing with the economic phases of the liquor problem. The meeting is the first of a series of Dry rallies that will be held. Efforts of the Orange Dry committee to secure ex-Governor Hodges of Kansas for a speech here, were successful and it is announced that he will speak in Campbell's hall Wednesday evening at 6:45.

As a man of such prominence in the state and one who was naturally closely acquainted with conditions there, Governor Hodges is especially qualified to speak on Kansas and Prohibition.

**P. E. QUITTING RUMOR
AT RIVERSIDE STIRS**

RIVERSIDE, Oct. 16.—Uneasiness is expressed in official circles here over the rumor that the Pacific Electric Railway Company contemplates filing with the State Railroad Commission application for a hearing in the matter of abandoning certain lines which the company maintains do not pay.

The reported decision of the company is claimed to have been hastened by the action of the City Council when permitting jitneys paralleling the lines of the company to the fair grounds were granted.

**SHOWS LARGE POTASH
FIND TO L. A. BANKERS**

FOREST HOME, Oct. 16.—George J. Burris has located in the mountains east of here a large potash aluminum claim. He has shown the property to a score of Los Angeles bankers interested in the formation of a company to mine the ore.

Mr. Burris says that the aluminum alone will pay for mining the rock and that the potash, which will run about \$30 to the ton of rock, will be clear profit.

CARRY CONTRA COSTA COUNTY BY 6000 VOTES

Gov. Johnson's Campaign In North Is Full of Enthusiasm

RICHMOND, Oct. 16.—Governor Hiram W. Johnson completed his swing through Contra Costa county by addressing nearly 2000 men and women who crowded into the Lincoln school auditorium. The day started at Benicia, followed by a noonday speech at Martinez.

As in the other counties through which the governor has campaigned since the primary, his audiences were made up of both Progressive Republicans and the so-called old line Republicans. There was every evidence of complete harmony of the various elements of the party. Well informed Republicans predict that the governor will carry Contra Costa county by 6000 votes.

Governor Johnson will speak in the lower San Joaquin valley this week.

ORANGE DRUGGIST MUST ANSWER TO BAD CHECK CHARGE

Hearing that a warrant had been issued for his arrest, Ernest G. Rurup of Orange, rushed to Los Angeles from Maricopa, Ariz., arriving just in time Saturday to be arraigned before Justice J. Walter Hanby on a charge of issuing a no-fund check.

Recently Rurup stopped at the Hotel Stowell in Los Angeles and before departing gave the management a check for \$27.50. The check was returned from the National Bank of Orange marked "no funds."

Meantime Rurup had gone to Arizona to look at a ranch. He was unaware, he says, that his account had been overdrawn. Justice Hanby released Rurup on his own recognizance, and ordered him to appear Wednesday before Justice Howard Hinshaw for preliminary hearing.

Financial troubles that involved the Orange Drug Company, in which Rurup was a partner, resulted in an attachment proceedings being started last week by the Western Wholesale Drug Company.

DAMAGE IS SLIGHT
